

Self-Control Reproducible Lyric Sheet

7. Self-Control

I was in my
classroom Monday.
Working on my daily essay.
Other kids were
off task fighting.
I continued with my writing.
A little bird
that often helps me
whispered in my ear
to tell me, You don't have
to join the others.
You can do the right thing
little brother. Just say,
I've got self-control,
and education is my goal.
I know that I've got
self control. I'll stay on task
when others don't know,
because
I've got self-control and
education is my goal.
I know that I will listen very
closely to that little bird
who always tells me to say,
I've got self-control.
