

Tolerance Reproducible Lyric Sheet

8. Tolerance

Some kids tease and
laugh at those, who
aren't just like them.
We all are good at
certain things,
but struggle now and then.
Try a little tolerance.
It shapes a peaceful place.
For all of us
to be ourselves,
in the human race.
If I could muster
up the nerve,
what a statement
I would make.
I'd tell them all to
lighten up, step back,
and take a break.
Try a little tolerance.
It shapes a
peaceful place,
for all of us
to be ourselves
in the human race.
Think about how you
would feel,
discriminated
in some way.
You'd want others
to show tolerance,
to welcome you and say,
Try a little tolerance.
It shapes a peaceful place,
for all of us to be ourselves
in the human race.
